

Adrian Jackson – Chair of Governors Profile

I am Head of The MPS Foundation which is a research foundation that supports and commissions research into patient care and safety in nine different regions from Australia and New Zealand to the Caribbean and Bermuda.

I have over 30 years' experience in the education, training, learning and development sector. This has included developing early careers opportunities from Apprenticeships to University Diplomas and Degrees for a variety of sectors ranging from the agriculture to policing. Many of my roles have been at senior level as a Group Director or Managing Director. I have also delivered programmes internationally in Europe, the Middle East, the Far East and Africa.

I am proud and delighted to be appointed Chair of Deyes High School's AGC and will use my experience and the experience of my Governor colleagues to support staff and students to enable them to maximise their potential and achieve their dreams in a happy and safe environment.
