

I am excited to begin my important work for our student community in this role as co-opted governor at Deyes High School.

I have worked in Higher Education for more than thirteen years with a focus on university student admissions, recruitment, and compliance at the University of Liverpool and more recently at the Liverpool School of Tropical Medicine. I bring lots of knowledge and experience in qualifications, student mobility, undergraduate and postgraduate applications, specialising in routes for humanities and STEM subjects and careers in medicine. My skills in partnership and people management, critical analysis and a dedicated work ethic will contribute to creating the very best environment possible for every pupil at Deyes and in the wider community.

I enjoyed history and languages at school and went on to complete an undergraduate and postgraduate degree in Classics with classical languages at the University of Liverpool.

I'm always happy to have a chat so if you see me around, please feel free to stop me, alternatively you can contact me via the school office.
