New School Build Sponsorship Brochure

Engage, Enable, Empower

Our Proud History

1939

Maghull Senior Council School was opened in March 1939

1972

Reorganised as Deyes High School comprehensive school

1976

Swimming pool opened in January 1976, costing £200,000

2011

Deyes High School became an academy

2015

Deyes High School formed Lydiate Learning Trust to support other schools

2022

School secures DfE investment to build net zero carbon new build

Our Crest

- Our school crest was designed by the Headteacher Mr Hall who retired in 1971 from Deyes Lane County Secondary School.
- The leaping chamois is from the goat/antelope family, is swift and sure of foot and symbolises rapid and secure progress
- The interlocking T shape heraldic charges design reflect the school's co-educational approach and brickwork in the Lydiate Building
- The ballista or trebuchet was the heraldic device of the Maghull family. The name was awarded to the family in recognition of their service during the Hundred Years' War. Mr Hall chose it because of its local links and also to encourage students to aim high and overcome difficulties

Introduction

Since we opened in 1939, Deyes High School has built a long and successful history of academic excellence and community engagement. We're proud to be part of the Lydiate Learning Trust and share its vision to 'Engage, Enable and Empower' our students.

Our brand new 10,000m² three floor school building is being constructed to replace the current school and will open in Spring 2024. The second phase of the project will be completed in Spring 2025.

We aim to fundraise £500,000 to pay for a high specification school finish. This will include the purchase of new furniture including classroom desks and chairs, sports, music and ICT equipment and outside furniture. We will also upgrade our College @ Deyes sixth form building which is not part of the new build project.

Our appeal will benefit our current and future students by creating a positive learning environment which will boost motivation, engagement and learning ability. Local community groups will also benefit as they will be using our diverse facilities.

Please contact our team via charity@deyeshigh.co.uk for more information.

Student Engagement

Student Voice is extremely important at Deyes and our Head of School has been working with the School Council and other student groups to consult them on our plans for the new build. Students are excited about our new build and the excellent facilities it will offer them:

"The magnificent new build will enhance our learning and attitudes" Y10

"I'm really excited to move to the new build, which is very modern and high tech" Y7

"The new sports facilities for students and the community look amazing" Y9

Our Careers team is working closely with our construction partner Kier to maximise opportunities for students to learn about sustainability and construction careers. This includes site tours, careers talks, subject talks, participation in school events.

The Kier team recently visited the school to talk about our new build's net zero carbon and sustainability features to Year 7 and 10 students. [Click here](#) to learn more.

Sustainability

The new building will be net zero carbon in operation and will feature a biosolar green roof, solar panels, treble glazed windows, thermal insulation and air source heating pumps to avoid dependency on fossil fuels.

The large green site will benefit from new features including a wildlife garden, a nature trail, and a habitat area to support learning and encourage students to connect with nature to boost their wellbeing.

"My favourite feature is the biosolar roof which features plants which will produce more oxygen for the environment" Y7 student

"The solar panels are a great feature because they make the most of natural resources and will give us renewable energy to run our school" Y7 student

Providing for the Community

Deyes High School is committed to playing an active role in the local community. We are committed to being a responsible neighbour and making a positive contribution to the local environment.

Throughout the new build project, we manage all site deliveries so they do not take place during school drop off and pick up times to avoid disruption on local roads.

Our new build has been designed to accommodate the needs of the local community. We have a designated community entrance and specific areas which can be hired by sports teams and other community groups including classrooms, drama studio, gym, sports hall, Multi Use Games Area and astro turf pitches and anything else you require.

Our new build will be carbon net zero to minimise our environmental impact and we're also enhancing our natural spaces with new plants, trees and a wildlife garden.

Fundraising Target

We aim to complete the first element of our fundraising appeal in Spring 2024.

Fundraising Opportunities

Over the next two years, we will deliver various school fundraising events and we're inviting parents, community and local businesses to support us by:

Make a one-off donation

Support our school and after school fundraising events

Donate prizes for fundraising raffles and auctions

Sponsor a classroom, faculty or area of the new build

In-kind donations

Advertise at our events

Fundraise for us at work including charity of the year and match funding

Please contact our team via charity@deyeshigh.co.uk for more information.

Our students sort food donations for local families in partnership with Big Help Project

Benefits for your organisation

By supporting our new build fundraising appeal, your organisation will be able to:

- Develop your future workforce - opportunity to work with our Careers team and invest in future skills and talent
- Social Value - support our campaign to help build a stronger society
- Local economy - our school and new build investment make a positive impact on the local environment
- Invest in kind - if you're unable to make a financial donation but can offer goods or services, we're grateful for any support offered

To thank sponsors for their support, we offer a bespoke package of benefits to ensure all contributions are recognised including:

- Friends of Deyes membership
- Advertising opportunities in event programmes, newsletters and website
- Tickets to new build opening event
