|-----------------------------|--------------------------|
| Claire Papatheodorou | Co-opted Governor |
|-----------------------------|--------------------------|

I am pleased to have been appointed to the role of co-opted governor at Deyes High School.

For the past six years I have worked as a Special Educational Needs Teacher in a SEN school. My specialist subject is Computing, and I am the Child Exploitation and Online Protection (CEOP) Education Ambassador for my school.

I have high aspirations for all students, and I believe that all children deserve a good quality, inclusive education. I have undertaken a wide range of training to develop and devise strategies to meet the diverse needs and learning styles of students.

Prior to working in education, I worked in financial services and ran my own business.

As a parent of a child at Deyes High School, I have a personal and professional interest in supporting the schools vision to engage, enable and empower all students.
